1. Introduction

This document provides for the annual submission of the Service Delivery and Budget Implementation Plan (SDBIP) as required in terms of the Municipal Finance Management Act. It should be read in conjunction with the Municipality's Integrated Development Plan (IDP), Budget and Strategic Business Unit Business Plans for the financial year 2009/ 2010.

The SDBIP gives affect to the Integrated Development Plan (IDP) and budget of the municipality therefore the IDP and budget must be fully aligned with each other, as required by the MFMA. The SDBIP provides the vital link between the mayor, council (executive) and the administration, and facilitates the process for holding management accountable for its performance.

The SDBIP serves as a "contract" between the administration, council and community expressing the goals and objectives set by the council as quantifiable outcomes that can be implemented by the administration over the next twelve months. This provides the basis for measuring performance in service delivery against end-of-year targets and implementing the budget.

2. Legislative Framework in terms of MFMA

The Municipal Finance Management Act (MFMA) of 2003 is aimed to secure sound and sustainable management of the financial affairs of municipalities and to establish treasury norms and standards through continually promoting transparency, participation and accountability of municipalities.

The MFMA requires that municipalities prepare a Service Delivery and Budget Implementation Plan as a strategic financial management tool to ensure that budgetary decisions that are adopted by municipalities for the financial year are aligned with their Integrated Development Plan Strategy.

According to section 1 of the Act a service delivery and budget implementation plan means a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate-

- (a) Projections for each month of the year
 - (i) Revenue to be collected, by source; and
 - (ii) Operational and capital expenditure, by vote;
- (b) Service delivery targets and performance indicators for each quarter;
- (c) Any other matters that may be prescribed, and includes any revisions of such plan by the mayor in terms of section 54(1)(c); In terms of Section 53(3) of the Municipal Finance Management Act (MFMA) No. 56 of 2003. The mayor must ensure-

- (a) that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the service delivery and budget implementation plan, are made public no later than 14 days after the approval of the service delivery and budget implementation plan; and
- (b) that the performance agreements of the municipal manager, senior managers and any other categories of officials as may be prescribed, are made public no later than 14 days after the approval of the municipality's service delivery and budget implementation plan. Copies of such performance agreements must be submitted to the council and the MEC for local government in the province.

3. Budget breakdown in terms of the IDP

Key Performance Area	Departments	Projects	Operating Expenditure 2008/2009	Capital Expenditure 2008/2009	Revenue 2008/2009	Surplus / (Deficit) 2008/2009
Basic Service Delivery	Roads, Disaster Management, Development and Infrastructure, Housing, Environmental Health	Roads, DGDS Anchor Projects, Housing Accreditation	35,349,860	300,000	33,043,700	(2,306,160)
Municipal Institutional Development and Transformation	Office of the Municipal Manager, Social and Support Services/Shared Services	Organisational Structure, EE, SDP	8,604,662		2,486,000	(6,118,662)
Local Economic Development (LED)	IDP, MIG, and EPWP	DGDS Anchor Project Implementation	35,379,000		39,511,000	4,132,000
Municipal Financial Viability and Management	Internal Audit and Finance	Audit Committee functioning, Financial Policy Implementation	10,121,020	1,300,000	21,633,842	10,212,822
Good Governance and Public Participation	Council	Public Participation Structures implementation	7,870,000		2,250,000	(5,620,000)
Total Budget			97,324,542	1,600,000	98,924,542	

4. The SDBIP Concept

The SDBIP is a management, implementation and monitoring tool that will assist the mayor, councillors, municipal manager, senior managers and community. It will facilitate the accountable role that managers hold to the Council and that Councillors hold to the community. It also fosters the management, implementation and monitoring of the budget, the performance of senior management and the achievement of the strategic objectives as laid out in the IDP.

Whilst the budget sets yearly service delivery and budget targets (revenue and expenditure per vote), it is imperative that in-year mechanisms are able to measure performance and progress on a continuous basis. Hence, the end-of-year targets must be based on quarterly and monthly targets, and the municipal manager must ensure that the budget is built around quarterly and monthly information. Being a start-of-year planning and target tool, the SDBIP gives meaning to both in-year reporting in terms of section 71 (monthly reporting), section 72 (mid-year report) and end-of-year annual reports.

5. Components of the SDBIP

./ Monthly projections of revenue to be collected for each source

./ Monthly projections of expenditure (operating and capital) and revenue for each vote

./ Quarterly projections of service delivery targets and performance indicators for each vote

a) Monthly projections of revenue to be collected for each source

The SDBIP information on revenue will be monitored and reported monthly by the Municipal Manager in terms of section 71 (1)(a) and (e) to ensure timeously remedial steps if necessary. Comprehensive financial policies will ensure realistic revenue projections by taking into account appropriate service and delivery levels, standards, ability to pay and collection efforts.

a) Monthly projections of revenue to be collected for each source
